

Paper Roses

step 1: Choose a paper. Draw a spiral shape- it can be any size, experiment with how many spiral lines and size. Cut along spiral lines, flower will take a spiral shape.

step 2: starting on the outside, roll paper tightly into itself and continue until all is rolled up. Squeeze flower bud tightly a couple times to give it a realistic look. Hot glue base of bud and press flower firmly down to secure. Flower should be in tact and not loose.

step 3: Using pipe cleaners as the stem. Wrap around finger to give it a round shape. Hot glue to back of flower. Press firmly. Repeat steps 1-3 for as many paper flowers as you'd like! Style accordingly.
